

**TONY RACKAUCKAS  
DISTRICT ATTORNEY**

Since 1999, it has been my honor and privilege to serve as Orange County District Attorney. Our get-tough policy has put 338 gangs out of business and reduced gang membership by 6,000. Our vigorous prosecution of environmental polluters has helped save Orange County's drinking water supply. We also increased child support collections by 60 percent.

Combating violent crime remains a priority, and we've compiled over a 90% conviction rate. We are now employing the latest technologies to combat newer categories of crime, including identity theft and insurance fraud.

The experience I've gained – beginning with my service in the 101st Airborne, continuing through my years as a prosecutor, superior court judge, and as the District Attorney – has given me a passion for justice, and also earned the endorsement of: Sheriff Carona, prosecutors, law enforcement and victims' rights groups, and the California Republican Assembly. I have also received bi-partisan support of Congress Members Campbell, Issa, Rohrabacher, Royce, Sanchez; Supervisors Correa, Campbell, Norby, Silva; Senators Ackerman, Dunn, Margett, Morrow, and Assembly Members Devore, Harman, Huff, Tran, Walters.

I would be humbled if you would give me the opportunity to serve once again as your District Attorney.
